

Interactive Medical Systems (IMS)
Press Release

Interactive Medical Systems (IMS) was recently named as one of the 2014 *Best Employers in North Carolina*. The list of the *Best Employers in North Carolina* was created by *Business North Carolina*, the Society for Human Resource Management (SHRM) – NC State Council and Best Companies Group.

This statewide survey and awards program is designed to identify, recognize and honor the best places of employment in North Carolina, benefiting the state's economy, workforce and businesses. The 2014 *Best Employers in North Carolina* list is made up of 30 companies. Interactive Medical Systems has been named one of the *Best Employers in North Carolina*.

Companies from across the state entered the two-part survey process to determine the *Best Employers in North Carolina*. The first part consisted of evaluating each nominated company's workplace policies, practices, philosophy, systems and demographics. This part of the process was worth approximately 25% of the total evaluation. The second part consisted of an employee survey to measure the employee experience. This part of the process was worth approximately 75% of the total evaluation. The combined scores determined the top companies and the final rankings. Best Companies Group managed the overall registration and survey process in North Carolina and also analyzed the data and used their expertise to determine the final rankings.
